COMIC MASKS

We can now offer a new line of character masks made from genuine latex, not to be confused with Neophrene or synthetic rubber, but natural latex from the far east.

Many thousands have been distributed to retail at $2.95 each. NOW all are drastically cut in price to make a popular retail price line. However, no cuts have been made in quality of material, workmanship, and distinctive design. Quality has been maintained.

There are some with imported English wool attached, some are flocked realistically, and still others are elaborately handpainted and the full retail price is only $1.98.
